The Math Learning Center

Summer Math Programs

Mathnasium Summer Programs can transform your child through an engaging combination of learning and fun!

Our summer programs help students keep their math skills sharp, build their critical thinking, and boost their confidence! Mathnasium offers enrichment and challenge with programs tailored to meet your child's specific needs. Summer Math Programs are a great way to focus on any of these goals:

- Curing Finger Counting
- Mastering Multiplication
- Making Sense of Fractions
- Preparing for Middle School
- Algebra through Calculus Preview
- ACT/SAT Prep

Choose the program that works for you. Spread out your 60 minute visits throughout the summer or use them in just a few weeks. Drop in anytime that is convenient for your family.

14 and 20 Session Packages

Flexible session packages to be used anytime during the summer. Perfect for short-term goals and enrichment!

OR

Unlimited Sessions

Special Packages with unlimited visits designed to get the most out of the summer. Perfect to maximize learning!

Best Value!
